Ref. No.: BUEST/Acad./2025/1075

Date: 02nd May 2026

CORRIGENDUM

In continuation to Notification Ref. No. BUEST/Acad./2025/987 dated 04-08-2025 regarding the implementation of approved recommendations of the Committee on Academic Policy Review, the following point is hereby added after Point No. 6:

Criteria for Award of Attendance Marks

It is hereby notified that the method of calculation of attendance marks stands revised for programmes governed under BUEST guidelines.

The earlier formula for calculation of attendance marks, i.e., $\text{Marks} = (5/90) \times \text{Percentage Attendance}$, shall stand discontinued.

In supersession of the above, attendance marks shall be awarded as per the following slab system:

- $75\% \leq \text{Attendance} < 80\%$ – 1 mark
- $80\% \leq \text{Attendance} < 85\%$ – 2 marks
- $85\% \leq \text{Attendance} < 90\%$ – 3 marks
- $90\% \leq \text{Attendance} < 95\%$ – 4 marks
- $95\% \leq \text{Attendance} \leq 100\%$ – 5 marks

This revised system shall be effective from the Academic Session 2025–26 for all batches.

However, for programmes where the relevant regulatory/statutory body prescribes specific norms for attendance calculation, such norms shall continue to prevail without any change.

All other contents of the above-mentioned notification shall remain unchanged.

Dean Academics

Cc:

- Vice Chancellor – For kind information
- All Deans/HoDs – For implementation
- DR-Academics and COE – For record and necessary action.
